

VENTURA COUNTY FILM PERMIT WAIVER FORM

INTRODUCTION

Some film permits can only be issued after the applicant has secured "waivers" from a majority of the residences in the vicinity of the filming project. The filming project described below requires such waivers. The people living at a given residence (house, apartment, condo unit, etc.) should decide if they collectively **approve or disapprove** of the proposed filming. This waiver has been prepared by the County of Ventura, but a representative of the film company will be distributing it and asking for your approval. **You are under no obligation to sign this waiver if you do not wish to.** The County is not endorsing the film project.

VENTURA COUNTY WAIVER INSTRUCTIONS AND CERTIFICATION OF PERFORMANCE

1. The County Film Permit Coordinator will prepare the waiver form based on your description of the proposed filming activities. To expedite the permit process, please provide a complete description of your activities including production name, site address, filming dates and times. Remember that the areas where prep, filming, and strike occur, and related parking/base camp areas are subject to waivers.
2. Generally only properties with residences on them are subject to the waiver process. If there are multiple dwelling units on a lot (e.g. apartment units, condo units, mobile homes, etc.) a waiver must be sought from each dwelling unit. Apartment managers, for example, cannot sign on behalf of all the tenants.
3. A map and list of parcels and/or addresses that must be canvassed will be provided by the Film Permit Coordinator. There may be more than one dwelling unit at each parcel.
4. Waivers shall be left at each dwelling unit.
5. Regardless of how many people may live in a given dwelling unit, only one person can sign the waiver representing the wishes of all the residents.
6. The people living in a given residence are the ones from who a waiver is sought, whether they own the dwelling or not. Property owners who may live elsewhere do not have to sign waivers.
7. Where it is believed that there is a high percentage of residents in the waiver area who do not speak English, waiver forms in the likely foreign language (e.g. Spanish) will be prepared by the County.
8. If there is no response from 25% of the dwelling units, the waiver process will be suspended, even if the majority of the waivers submitted "approve" of the filming. This will be done to ensure that all applicable parties were notified.
9. Notes about parties on vacation or vacant units should be made on the list of addresses provided.
10. If animals (e.g. horses) are housed in stalls on property within the affected area, then the owners or caretakers of these animals must sign the waiver.

I certify that I have read and will abide by the above provisions in seeking waivers for my film project.
