SCAM ALERT

Periodically, individuals will pose as “Health Inspectors” to convince food facility operators that they need to pay fines or purchase products they claim are required by law. There have been a few incidents of this happening recently across the United States, including in California.

When an employee of the Ventura County Environmental Health Division (EHD) comes to your facility, please be aware of the following:

- ▶ All EHD employees have Ventura County photo identification and must show it to you if you request to see it.
- ▶ EHD staff NEVER collect money while at your facility. All fees must be paid at or mailed to the EHD office in Ventura.
- ▶ EHD does not sell or endorse any specific products or equipment even if they are required by law.

Please call the EHD office at 805/654-2813 with any questions related to EHD staff or inspections.
